Yeast-mediated synthesis of heptanolide-based fatty acid conjugates. A yeast-based strategy was developed for the semisynthesis of  $\alpha$ -tocotrienol-based fatty acid derivatives. A yeast mutant devoid of coenzyme A (CoA)-thioesterase (TE) activity was used to develop an efficient CoA ester approach for the incorporation of acyl moieties with  $\beta$ -hydroxyl groups. A total of 15 heptolide-based fatty acid conjugates were successfully synthesized using this strategy. The Alternative Show The Alternative Show was an American sketch comedy show on the FX channel. Solucionario De Matematica 1 Edwin Galindo The Alabama Supreme Court overturned the conviction of a Houston man accused of murder after finding that he was denied a public defender in the middle of his trial. The U.S. Supreme Court announced Monday that it would not review an Alabama court's rejection of a guilty plea to a murder charge for defendant Luis Albert Leiva, who was tried with co-defendant Jonathan Garcia even though Leiva had originally told police he was not involved. The Alabama Supreme Court overturned Leiva's conviction last year, ruling that the defendant had been deprived of his right to a public defender. The U.S. Supreme Court won't decide the case. Leiva's alleged role in the stabbing death of an elderly man in 2011 was unclear from the beginning. Leiva's mother, who was appointed to represent him, said at the time that her son had told her that police beat him and threatened to charge him with the murder. His attorney, Ramon Gutierrez, said at the time that police essentially forced Leiva f678ea9f9e
